## Audit & Assurance

---

**Nordens Audit Ltd conducts all audits; these are an in-depth investigation of a firm and are used to determine the state of a corporation.**

Even if you do not meet the audit threshold, you may want to consider having one if your plan is to grow your business! This will help you force the likelihood to exceed your threshold. Or you could be looking to exit or sell your business. An audit would give the credit to the figures that you need for a prospective purchaser.

We're professionals when it comes to auditing firms in a manner that offers credibility and instills trust in your company. An audit of your firm may seem to be a difficult process, but we are here to assist you. We can help you figure out what to do if you're audited and what information you'll need to provide

Think Ahead
